PROFILE

BS Information Technology student majoring in Business Analytics, with hands-on experience building geospatial BI systems, ETL pipelines, and full-stack data applications in Python, SQL, and JavaScript. Comfortable turning raw, messy data into decision-ready insights and building the tools that scale that work. Seeking to bring a proactive, results-driven approach to the Data Scientist and Analyst Internship at Revolut.

EDUCATION

Batangas State University – The National Engineering University, Lipa Campus

Lipa City, Batangas

BS Information Technology, Major in Business Analytics | 2023 – Present (Expected 2027)

- Honors: Consistent Dean's Lister, All Semesters (2023 – Present)

TECHNICAL SKILLS

- Programming & Query Languages: Python, SQL, JavaScript, PHP, R, Java, C++
- Data & Analytics: Business Intelligence, ETL Pipelines, Star Schema Design, Geospatial Analysis, Statistical Analysis
- Tools & Platforms: Jupyter Notebook, VS Code, MySQL, Figma, Canva

PROJECTS

REVELA — Geospatial Business Intelligence System (Capstone)

Jan 2026 – Present

- Built an end-to-end geospatial BI system for the Business Permits and Licensing Office (BPLO) of Mataasnakahoy, Batangas using Python, JavaScript, SQL, and Dart
- Designed ETL pipelines and SQL-driven anomaly detection to flag unregistered businesses, automating compliance-report generation for local government stakeholders

PESO SmartHire — Recruitment Management System

Contributor

- Contributed to a web-based recruitment platform (Python, MySQL, JavaScript) connecting applicants, employers, and administrators
- Designed the relational database schema and SQL queries behind the application-tracking logic, streamlining job postings and applicant workflows

GitHub: <https://github.com/elliwinx/PesoSnartHire>

Additional Projects

SCHEDULE · Student Success Hub · Student Enrollment System

- SCHEDULE (PHP, MySQL): full-stack event registration and management platform. Student Success Hub (PHP, MySQL) and Student Enrollment System (Java, SQL): in-development tools to streamline guidance-office workflows and student enrollment

EXPERIENCE

LGU Lipa City — City Administrator's Office

Lipa City, Batangas

Admin Clerk | June 2026

- Served as front-desk liaison, greeting walk-in clients and directing visitors to the appropriate personnel or department
- Evaluated applicant documentation for Mayor's Clearance requests, guiding clients on missing requirements and issuing completed clearances upon verification
- Maintained official logbooks to accurately record, organize, and track travel itineraries and accounting check disbursements
- Facilitated inter-office document routing, securing necessary signatures for legal assistance requests and serving formal hearing notices to department heads

LEADERSHIP & ACTIVITIES

- Active Member, Junior Philippine Computer Society – Lipa Chapter & Tech Innovators Society, BSU–TNEU Lipa (Aug 2023 – Present)
- 3rd Placer, SDG Innovator Pitching Competition, BSU–TNEU Lipa (Nov 2024) • 2nd Placer, UI/UX Design Challenge, BSU–TNEU Lipa (Nov 2025)
